Rate Level Changes

Commercial Lines Policies

The Louisiana Department of Insurance has approved the following changes to the property insurance rate levels for Commercial Lines policies written by Louisiana Citizens Property Insurance Corporation. The approved rate changes are applicable to all new business and renewal policies effective February 1, 2017.

The base rates will be derived as follows:

- All base rates in the manual and previously in effect shall be multiplied by 3.706 for all FAIR plan policies.
- All base rates in the manual and previously in effect shall be multiplied by 2.958 for all Coastal plan policies.

The new rates are available for quoting. To obtain a quote using the new rates, simply change the requested effective date to February 1, 2017 or later. The LPMS Quote screen will allow you to advance the requested effective date up to sixty days from the date the quote is generated. The LPMS Quote screen will not allow you to back date the requested effective date.

All policies effective on or after February 1, 2017 will be priced using the new rates, irrespective of when the quote was generated.
